Moderated LMS – Usability Test Sheet (NFR-06)

Requirement NFR-06: after 15 minutes of training, at least 4 out of 5 users finish their main task without help in under 3 minutes.

Before you start

1. In a new, empty folder, run: lms --seed-demo (all demo passwords are Password1).
2. Training (about 15 minutes, all five together): show the log-in screen, then each role's menu, and how to type an ID and confirm with y. Do not do the actual tasks below.
3. Run the tasks IN THIS ORDER on the same database, one person at a time. Each task sets up the next one.
4. Start a phone stopwatch when the person sees their menu after logging in. Stop it when the success message appears. Do not help unless they ask; if you help, write "No" under "Without help".

Tasks and results

#	Log in as	Task	Success message	Name	Time (mm:ss)	Without help? (Y/N)
1	stu.thabo	Submit demo_files/my_homework.txt for Algebra test 1	"Receipt: submission …"			
2	lect.mokoena	Mark Thabo's Algebra submission (any mark out of 50, with feedback)	"Saved. Final mark …"			
3	hod.molapo	Approve that mark, then release the marks for Algebra test 1	"Marks released."			
4	stu.thabo	Find your released mark and feedback for Algebra test 1	Mark and feedback shown			
5	admin	Create a new student account and enrol them in MATH-F4	"Saved." after enrolling			

Result

Number who finished in under 3:00 without help: _____ / 5 NFR-06 passed (4 or more)? Yes / No

Fastest: _____ Slowest: _____

What people found confusing (write down anything they said or got stuck on):

_____

_____

_____

Tester: _____ Date: _____ Place: _____
